About Us

International Academy of Facial Cosmetic Surgery (IAFCS), a premier training academy based in Mumbai, dedicated to providing comprehensive education in Cosmetic Surgery & Facial Aesthetics to professionals worldwide.

IAFCS bridges this gap by offering unique, high-quality training tailored to meet the challenges of modern cosmetic surgery, ensuring practitioners are equipped with the necessary skills to excel in this specialized field. IAFCS was set up to correct the lacunae in training in Cosmetic Surgery globally. The IAFCS aims to provide state of the art and cutting-edge medical aesthetic training to medical professionals looking to improve their practice and/or open a new practice.

Many of the top Plastic Surgeons and Dermatologists globally has chosen us for training in Facial Aesthetics, Cosmetic Dermatology, Cosmetic Surgery and Plastic Surgery.

Proud Collaboration With NESOS

We at IAFCS are thrilled to announce our exciting collaboration with NESOS. This partnership will help us share knowledge on Ocular Aesthetics and share our research and advancements in the field.

By providing a platform for collaboration, knowledge sharing, and professional development, NESOS empowers oculoplastic surgeons to enhance their skills, contribute to scientific knowledge, and deliver the highest quality care to their patients. We are happy to be part it.

Our Teaching Philosophy

Small groups, anatomical theory, hands-on practice.

Our courses allow delegates to dissect and truly understand facial anatomy before practicing evidence-based techniques. We teach multi-disciplinary injection techniques so that you can understand with confidence how to improve complex aesthetic concerns – such as with the nasolabial folds, tear trough hollows and volume issues in the periorbital area.

About Global Cosmetic Surgery

The Global Cosmetic Surgery (GCS)[™] initiative was established in the 2020 at the time of pandemic, aiming to unite the leading minds in aesthetics and create a global teaching environment with international outreach to promote and advance the field of cosmetic surgery worldwide.

GCS[™] has since organized several highly impressive meetings, with its inaugural event in collaboration with the American Academy of Cosmetic Surgery (AACS) attracting over 1,100 participants. The mission of GCS[™] is to provide the finest aesthetic education worldwide, delivered by top experts in the field.

These initiatives have garnered widespread acclaim, attracting between 3,500 to over 4,000 delegates from more than 44 countries for each webinar.

The GCS[™] initiative seeks to create a global community of cosmetic surgeons who share knowledge, expertise, and a commitment to excellence in the field.

Dr. Debraj Shome

Professor Dr. Debraj Shome is super-specialized in Facial Plastic Surgery & Cosmetic Surgery and is based in Mumbai, India. He is the Co-Founder and currently heads Esthetic Centers International Pvt. Ltd., which provides world-class care in facial plastic surgery and dermatology across India.
